Portia Harris, Acting Director
Baltimore City Department of Parks and Recreation
2600 Madison Avenue
Baltimore, MD 21217

Dear Ms. Harris,

Our community organization has reviewed the proposal for a fenced dog park in Patterson Park as described by the Patterson Park Dog Park Steering Committee. We understand that the dog park complies with the city guidelines, and that the steering committee will attempt to provide the safest possible environment for users of Patterson Park while striving to maintain the natural and historic beauty of the park.

The proposal was enthusiastically approved at our monthly meeting which was held last night. Therefore, we would like to issue our formal agreement with the proposal. We hope that it will be adopted as rapidly as possible.

Sincerely,

Helene J Luce
